FORWARD-LOOKING STATEMENTS

Statements in this presentation that are not historical facts are forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995 and involve risks and/or uncertainties, including those described in the Company's public filings with the Securities and Exchange Commission. The Company has based forward-looking statements on management's current expectations and assumptions and not on historical facts. Examples of these statements include, but are not limited to, the Company's expectations related to its financial outlook (including expectations regarding its liquidity position, capital expenditures, cash taxes, interest expense and corporate expense); expectations regarding the impact of macroeconomic trends on the Company's business; the Company's ability to execute on its strategic pillars and return value to shareholders (including the timing and amount of any share repurchases); the impact of cybersecurity incidents, including the Company's September 2023 cybersecurity issue, the Company's expectations regarding any benefits expected to be received from the Company's recent transactions, including the long-term license agreement with Marriott International; expectations regarding the development of an integrated resort in Japan and in New York; the positioning of BetMGM as a leader in sports betting and iGaming (including BetMGM's expected growth in new and existing jurisdictions and projected market share and profitability); and the expansion of LeoVegas and the MGM digital brand. These forward-looking statements involve a number of risks and uncertainties. Among the important factors that could cause actual results to differ materially from those indicated in such forward-looking statements include the effects of economic and other conditions in the markets in which the Company operates and competition with other destination travel locations throughout the United States and the world, the design, timing and costs of expansion projects, risks relating to international operations, permits, licenses, financings, approvals and other contingencies in connection with growth in new or existing jurisdictions and additional risks and uncertainties described in the Company's Form 10-K, Form 10-Q and Form 8-K reports (including all amendments to those reports). In providing forward-looking statements, the Company is not undertaking any duty or obligation to update these statements publicly as a result of new information, future events or otherwise, except as required by law. If the Company updates one or more forward-looking statements, no inference should be drawn that it will make additional updates with respect to those other forward-looking statements.

MARKET AND INDUSTRY DATA

This presentation also contains estimates and information concerning the Company's industry that are based on industry publications, reports and peer company public filings. This information involves a number of assumptions and limitations, and you are cautioned not to rely on or give undue weight to this information. The Company has not independently verified the accuracy or completeness of the data contained in these industry publications, reports or filings. The industry in which we operate is subject to a high degree of uncertainty and risk due to a variety of factors, including those described in the "Risk Factors" section of the Company's public filings with the SEC. Third party logos and brands included in this presentation are the property of their respective owners and are included for informational purposes only.

NOTE REGARDING PRESENTATION OF NON-GAAP FINANCIAL MEASURES

This presentation includes certain "non-GAAP financial measures" as defined in Regulation G under the Securities Exchange Act of 1934, as amended. Schedules that reconcile the non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with Generally Accepted Accounting Principles in the United States are included herein or in the Company's earnings releases that have been furnished with the SEC and are available on our website at www.mgmresorts.com.

IMPORTANT NOTE REGARDING BETMGM FINANCIAL AND OTHER INFORMATION

This presentation includes certain financial and other information related to BetMGM and the industry in which BetMGM operates, which is jointly owned by the Company and Entain plc. This information was obtained from BetMGM management and while the Company believes such information to be reliable and accurate, the Company has not independently verified it and does not make any representation as to its accuracy. BetMGM financial information is not prepared in accordance with GAAP. If BetMGM presented these financial measures in accordance with GAAP, then BetMGM would present the revenues associated with its Nevada digital and retail sports betting operations differently, until such time as BetMGM is directly licensed as a Nevada gaming operator. Currently under GAAP, its calculation of net revenue would be on a basis net of operating costs, such that the GAAP reported net revenue would be lower than the net revenue reported herein, with net income remaining the same. BetMGM projected net revenue from operations and target EBITDA margins are also based on significant assumptions regarding the extension of current market trends in the states where BetMGM currently operates as well as assumptions regarding BetMGM's expansion into new jurisdictions. These assumptions are subject to significant risks and uncertainty and as a result investors are cautioned not to place undue reliance on such statements as a prediction of BetMGM's actual results. See "Forward-looking Statements" above.

FOURTH QUARTER 2023 TAKEAWAYS

All-Time 4Q and Full Year Record Las Vegas and MGM China Adjusted Property EBITDAR

Las Vegas Record Driven by F1

- ✓ Highest hotel revenue generating event ever
- ✓ MGM Resorts properties are well-positioned to fully benefit from tent pole Las Vegas events

Regional Performance Solid, with Temporary Headwinds

- ✓ Approximately \$60 million of \$64 million same-store Adjusted Property EBITDAR decline driven by MGM Grand Detroit and National Harbor, which were impacted by a strike and some high end play not returning, respectively

Future Tailwinds to come, Including MGM's Strategic Relationship with Marriott International that launched in January

- ✓ Marriott Bonvoy customers can now seamlessly book rooms at select MGM properties in Las Vegas, with 16 brands set to be introduced by the end of Q1
- ✓ Further return of international baccarat and year over year increase of 100,000+ group room nights with the Mandalay Bay Convention Center remodel

MGM China Achieved Record 4Q and Full Year

- ✓ Market share exceeded 16% for the fourth quarter and 15% for the full year
- ✓ Main floor win increased 74% over 4Q19
- ✓ With a strategy to maintain mid teens share and high 20's margins by:
 - Implementing strategic adjustments to our casino floor and existing room offerings to optimize yield
 - Prioritizing the needs of our mass and premium mass customers
 - Actively driving international tourism

MGM Well Positioned for Long-Term Growth and Value Creation

- ✓ **BetMGM** achieved 2H23 profitability and set target for \$500m in EBITDA by 2026
- ✓ **International digital strategy** further progressed with the acquisition of Push Gaming and the launch of BetMGM in the UK in 2023
- ✓ **Development Opportunities** advanced, with initial ground-breaking in Japan in 4Q23 and continued pursuit of a table games license in New York
